Carrick is partnering with SOS Children's Villages.

SOS Children's Villages is **non-governmental and non-denominational organisation** dedicated to **helping children** who have lost parental care, are at risk of abandonment, and whose basic rights are not being fulfilled.

SOS Children's Villages urgently **requires a minibus** for transportation of children to and from school, extracurricular activities, medical appointments, and educational outings, and **Carrick is supporting this cause by hosting an Exclusive Brunch Event.**

By attending our exclusive event you will have the opportunity to **participate in our auction**, with all proceeds going directly to **fund a new minibus** for the SOS Children's Villages.
